FREE BALLOONS, Santa Claus and a dog act kept the children fascinated at the Christmas Fair.

CHRISTMAS DECORATIONS being installed along Antioch's Main Street.

Xmas Fair Opens Holiday Season

The Christmas Fair at the High School ushered in the Christmas season in Antioch with two days of displays by merchants of gift items, entertainment and prizes. Christmas decorations were put up along Main St., Lake St. and the corner of Routes 59 and 173 on Monday. The decorations were put up by a commercial firm hired by the Antioch Chamber of Commerce.

The Chamber has also announced that most of its member stores will be open evenings and Sundays from December 9 to Christmas.

Many of the merchants, in addition to gift displays, gave away prizes. State Bank of Antioch had a guessing contest on the number of pennies in a gallon glass jar on display. Mrs. James Wais, P. O. Box 98, Antioch, came the closest with her guess of 1,645 pennies. There were actually 1,643 pennies. Mrs. Wais won a \$50 Savings Bond for her guessing ability.

Second prize of a \$25 savings bond was won by Mrs. William Strobel, Rt. 4, Box 110, Antioch; 3rd, 4th and 5th prizes of \$10 savings accounts were won by Kathy Heath, Rinear Road, Antioch; Charles Schuth, Rt. 5, Box 381, Antioch, and Bruce Stahmer, Rt. 2, Box 3, Antioch. In addition, the State Bank took over 650 pictures

of children at the Fair with Santa Claus, which were presented free to the parents.

Jim Steffenberg, 633 Parkway, Antioch, won a transistor radio given away by Lyons and Ryan Ford Sales; Beverly Reckers, Antioch, won a 52-piece set of silverware, with chest, given away by the Antioch Savings & Loan; a doll house, given away by Osmond Realty, was won by Joseph Eder, Rt. 2, Antioch; a short wave transistor radio, given away by Sexauer's Real Estate, was won by Mrs. Elizabeth Jensen, Lake Villa.

The First National Bank of Antioch gave away thirteen prizes. The first of a \$25 bond went to Kirk Moran; second prize, a savings account, to Phyllis Ballstreri; savings accounts were also won by Bernice L. Wertz, Wayne Sabezak, and nine others listed in the First National ad elsewhere in this paper.

Dr. Ripley Hurt

Dr. Richard Ripley of Antioch is in Victory Memorial Hospital recovering from injuries suffered when he fell from a ladder at his home Tuesday.

Dr. Ripley suffered a compound fracture of one arm and the other hand was broken.

Marines Start Toy Drive

Private First Class Barry T. VanPatten, United States Marine Corps Reserve, of Rt. 3, Box 508, Antioch, has been named local area coordinator for the annual "Toys for Tots" campaign conducted and sponsored by the nearby Marine Corps Reserve organization at Great Lakes, Illinois.

The 1963 campaign will mark the tenth consecutive year in which local Marine Corps Reservists have worked with several civic organizations to ensure a health supply of Christmas toys for less fortunate children in the area. Through contributions from individual citizens, thousands of toys are distributed annually to children who might otherwise fail to receive Christmas gifts. The theme of this year's drive is "A Joyless Christmas is a Joyless Christmas."

Mrs. Bernice Just of the Waukegan News-Sun, Honorary Chairman of the campaign, and Captain Norman B. Patberg, Jr., Commanding Officer of Company "H", 2nd Battalion, 21st Marines, 3rd Marine Division, U. S. Marine Corps Reserve, announced that donations of new toys or toys in a repairable condition are urgently needed. Patients at the Veterans Administration Hospital in Downey, Ill., have volunteered their services to repair and repaint used toys collected. Those toys deemed in proper condition for use as gifts will be distributed by the North Lake County Community Chest and the Salvation Army.

Persons in the Antioch area desiring to contribute toys are asked to contact private Van Patten at home by calling 395-2017. Toy donations will be made prior to 15 December.

Charter Issued To Corp. For the Blind

The office of the Secretary of State announces the issuance of a charter to the not-for-profit corporation, Lake County Blind Association, Route 2, Box 40, Antioch, in the name of Frank E. Kennedy, Jr., Albert J. Brean and Veronica Epping. The corporation is for the general welfare of blind people.

Moose Start Drive For Xmas Toys

Governor John D. Dwyer announces that the officers and members of the Antioch Moose Lodge have adopted a resolution to support the Moose "Operation Santa Claus" campaign by sponsoring a toy collection and distribution drive for needy children, according to Bob Avery and Ed Petersen, Chairman of the lodge's Civic Affairs Committee.

The Moose is cooperating with all the lodges in the United States and Canada in this "Toys for Tots" campaign. It is not necessary that all toys be new, but in the case of used toys, they must be undamaged and in workable and presentable condition. "We regret that time will not permit the repair or rejuvenation of used toys," said Bob and Ed, "so therefore, the used toys donated must be in good condition."

There will be five collection depots in Antioch for the deposit of toys for needy children in the Moose "Operation Santa Claus" campaign to make this a "Joyful Christmas" for all boys and girls in this area.

Collection containers will be placed at the following locations:

1. The Jaycee Building, Main and Lake Sts.
2. Moose Lodge, Main St.
3. Jewel Store, Lake St.
4. Post Office, Orchard St.
5. J.G.A. Store, Rtes. 59 and 173.

Needy children, in homes, orphanages and hospitals, whose names will be obtained by the Moose lodge from recognized social welfare agencies, will be recipients of these toys. All of the toys will be distributed in the local area and none will be sent to outside institutions or homes. "We want this to be very much a local project, for our own needy kids," said Bob and Ed.

Set Ice Derby Date

The Northern Illinois Conservation Club 3rd Annual Ice Fishing Derby will be held on the south end of Channel Lake Sunday, January 12. Over \$1000 in prizes will be distributed to the lucky anglers who bring in the winning fish in each of the many categories which have been established by the club's rules committee.

Between 2000 and 2500 ice fishermen were estimated to have been present at last year's derby, in spite of ten degree-below-zero temperature. With a break in the weather, club officials expect this year's attendance to shatter all previous marks. Plans are being made to host from 3000 to 3500 anglers.

In other action at their November meeting, members voted two coveted Honorary Memberships, one posthumously to the late Edward C. Cooney, an outstanding conservationist, who was also supervisor of conservation education for the state; the other to James Levandusky, a Waukegan newspaper writer and outstanding friend of the conservation movement.

It was revealed that area Boy Scouts have undertaken a forestation project on the N.I.C.C. sprawling grounds, clearing undesirable scrub growth which will enable more desirable trees to flourish. Replanting will take place, as needed, next spring.

A "food planting for birds" project has also been initiated. Strips of land will be plowed and planted to desirable wild game food, in between cover rows, to provide a life-sustaining smorgasbord for birds and game.

GARDEN CLUB MEETING EARLY

The Antioch Garden Club will hold its December meeting early because of the holiday season.

The December meeting will be a luncheon and gift exchange held at the Country Squire in Grayslake on December 12 at 12:30 p.m.

Village Board Considers Annexation of Plaza

The Village Board meeting was convened Tuesday night by a discussion of the pros and cons of annexing into the village the proposed shopping plaza at the intersection of Route 59 and Grass Lake Road.

Ernest Glenn reported to the board that he had discussed with George Mazzuca, one of the builders of the plaza, the annexation proposition. John Soffietti, George Mazzuca, Jerry Miller and Sam Esposito were listed as owners when a petition was presented to the County Zoning Board for re-zoning of the land for the building of the proposed plaza last summer. The plea was denied, on the recommendation of the County Board of Health, which stated that the owners had not presented a feasible plan for sewage disposal.

The village board was later approached with a proposition to furnish sewage facilities for the plaza, with the plaza owners bearing the cost of running the sewer line from the plaza to Antioch. The village has made a practice of not furnishing sewage

facilities to anyone outside the village, so advanced the alternative proposition to annex.

Mazzuca declared the plaza owners would like to have the property annexed to the village, and would pay the cost of running the sewer line from the plaza to the Antioch tile. Mazzuca, Mr. Glenn said, would circulate a petition among owners of property along the east side of Route 59 to determine how many were in favor of annexation.

Mayor Cunningham objected to the proposed annexation on the grounds that the village would be taking on too much. This was not orderly growth, a small amount at a time, he said. Mr. Glenn countered with the observation that though it might involve some risk to the village in the form of present expense, the alternative could strangle the growth of the village.

"If we do not furnish the plaza with sewer facilities, and annex this potentially rich source of revenue from sales tax," he pointed out, "they will surely get the

facilities from one of the other nearby villages or from the county. If the Public Works department of the county takes over," he said, "we may find ourselves competing with another village right outside our village, and lose the tax revenue, too."

Cunningham said he thought the annexation was out of the question unless the solid block from the northeast corner of Route 59 and Grass Lake Road, east to Route 21 taking in all the property bounded by Routes 59 and 21 and Grass Lake Road north to the village were annexed. Even this would be dangerous, he said, if growth of the area did not materialize.

Mayor Cunningham declared that if the village annexed such a sprawling area, the residents of the area would soon be demanding police protection, streets, sidewalks, etc., and be a burden of expense to the taxpayers. "I'm a taxpayer," he said, "and I don't want to pay all this extra expense for these people, and I don't think the

people in Antioch will want to."

"Mr. Mayor," Mr. Glenn pointed out, "When you came to this town you benefited from facilities that people before you had paid to install. We have to think of the future. You don't plant an apple tree for today, but for the people who come after you."

David Nissen declared that he'd like to hear the opinions of people in Antioch before deciding for or against. The Mayor agreed, and said he hoped village taxpayers would express their feelings on the subject.

The Board meeting had opened with a request by Mayor Cunningham for a moment of silent prayer for former President John F. Kennedy, and a reading by Clerk Clarence Shultis of the Mayor's proclamation asking that all businesses in the village be closed from 11 a.m. to 1 p.m. on the day of the slain president's funeral. He also proclaimed that flags throughout Antioch should fly at half-mast for 30 days.

Mr. Achem, representing the Kennedy Construction Co., requested payment of \$4,871.85 still due the company. Payment was approved pending checking of the amount due by the treasurer and water and sewer committee.

A Mr. Galansky asked permission of the board to install coin operated billiard tables and pin ball machines in the vacant store at 920 Main St., recently vacated by a paint store. He declared there was no pay-off on the pin ball machines and that they were not gambling devices. He was told to consult with Edward Jacobs, village attorney, on the provisions of the village ordinance covering such machines, and the request tabled.

Ray Lorenz, of Lorenz's Smart Country House, was present at the meeting, having earlier approached the board with a request to be allowed to hook into the village sewer. The property is outside the village, but across the road from the end of the sewer line. The village board suggested that he be annexed into the village. Mr. Lorenz objected, on the grounds that his business could not operate under the earlier closing hours for serving liquor in the village. Ernest Glenn, Irving Walsh, Einar Petersen and Edward Jacobs were appointed a committee to discuss the matter with Mr. Lorenz and try to reach an agreement that would make annexation possible.

E. J. Storey applied to the board for permission to install seven sewer hook-ups on vacant lots in the E. J. Storey unrecorded subdivision. Permission was granted.

Two bids were announced for 30 feet of tile to be installed near the water and sewer plant. Antioch Lumber bid \$27.31, Hopkins Equip Co. \$25.65. The low bid of \$25.65 was accepted.

Fred Elam and Harold Mason were hired as permanent members of the police force after serving a six-months probationary period. Quaker Stretcher Co. asked for a permit to build an addition to their plant, measuring 230 feet by 120 feet, at a cost of \$35,000.00 to be used for storage. The permit was granted, providing the plans met building requirements.

Edward Jacobs announced that Walker Curness, who had requested installation of a sewer and water line to his property on Anita St. south of Depot St., at an earlier board meeting, said his request had been misunderstood at that time. He would bear the cost of installing the line, he said, except for a certain portion he considered village responsibility. The sewer and water committee were instructed to investigate the matter.

Basketball On Wheels To Benefit Lions Pool

A unique type of basketball game, with the players in wheelchairs, will be played at the Antioch High School gym this Saturday night, Dec. 7.

The unusual game is sponsored by the Antioch Lions Club and is for the benefit of the Antioch Aqua Center.

All the players are paraplegics. Many of them achieved their proficiency at wheelchair basketball at the University of Illinois.

The game will be between the Chicago Sidewinders and the Indianapolis Goodwill Highlanders. The two teams are members of the 8-team Midwest Conference of the National Wheelchair Basketball Association.

The Sidewinders are not just a "catch-as-catch-can" team of physically handicapped men who occasionally get together for a game. The team is operated by Chicago-Land Wheelchair Sports, Inc., a non-profit organization which provides athletic competition in many fields. Besides playing a full basketball season, the Sidewinders will enter a track and field team at the Indiana Invitational Track Meet to be held in Indianapolis next spring as a warm-up for the National Wheelchair Games to be held in New York City next summer. This competition will serve as an Olympic tryout for members of a full team the United States will be sending to the Wheelchair Olympics in Tokyo, Japan, next November.

Members of the Sidewinders team are Tom Barnard, 31-years old, 6 ft., 218 lbs., a plant manager for Star Container Corp., 6 years of wheelchair basketball competition; 4-years with U. of I. Gliz Kids, a post-polio victim, single.

Vince Caputo — 21 years old, 5 ft. 9 in., 185 lbs., technical drawing instructor at Gordon Tech H. S., 5 years in wheelchair basketball, post polio, single.

George Conn — 29 yrs. old, 5 ft. 8 in., 135 lbs., field secretary Northwestern U., 3 years in wheelchair basketball, traumatic paraplegic, single.

Wayne Gablin, 32 yrs. old, 5 ft. 8 in., 145 lbs., accountant at Reynolds Metals, post-polio, single.

Tom Joyce, 26 yrs. old, 6 ft., 5 in., 225 lbs., Social Rehabilitation Counselor for Cook Co. Dept. of Public Aid, 5 yrs. in wheelchair basketball, post-polio, married (Sue).

Bruce Karr, 26 years old, 6 ft. 2 in., 170 lbs., accountant for United Airlines, 8 yrs. in wheelchair basketball, post-polio, married (Judy), 2 children.

Mary Lapicola, 29 yrs. old, 5 ft. 11 in., 185 lbs., accounting supervisor at International Telephone and Telegraph, 5 yrs. in wheelchair basketball, post-polio, married (Phyllis), two children.

Frank Pucek, 24 yrs. old, 5 ft. 5 in., 150 lbs., proprietor of Commercial Industrial Uniforms, post-polio, married (Pat), two children.

Dick Welch, 26 years old, 6 ft., 200 lbs., clerk at Public Service Co., post-polio, married (Nancy), three children.

Saturday night's game will start at 8:30 p.m., with a preliminary game between two local grade school teams at 7:30 p.m.

A PREVIEW OF THE ACTION in store for basketball fans Saturday night in the Lions Club sponsored Wheelchair Basketball game. Benefits from this contest will go to the Antioch Aqua Center. Action is scheduled to start at 7 p.m. with two grade school teams furnishing the curtain raiser.

Sabin Oral Sunday - Dec. 8th

At any time between 9 a.m. and 5 p.m. next Sunday, December 8—you have a date at the Antioch Community High School. A date that will only take a few minutes of your time, and may save your life and the lives of others.

These are the hours during which the Sabin Oral Vaccine the polio preventive, will be given for the second time. Those who took the vaccine on the first Sabin Oral Sunday, will take the second dose on this date to complete their immunization. Those who for some reason missed the first dose of vaccine will take their first dose next Sunday, and the second dose on February 2.

Almost 5,000 people took the vaccine at the time of the first administering. There

were no reports of any reaction to the vaccine, as doctors had previously assured there would not be. The vaccine is drank from a small paper cup in a pleasant-tasting liquid.

All doctors are urging that everyone take the vaccine, even those who had previously had the Salk vaccine shots, and all infants over six weeks old. Doctors believe that if everyone took the vaccine, polio would be as rare as small-pox now is. Experts believe the vaccine will give long-term protection against polio, similar to the small-pox vaccination.

Local doctors will supervise the administering of the vaccine, in cooperation with local pharmacists. Dr. James Kopriva is Medical Chairman of the Antioch clinic, and

Reeves Drugs will supply the vaccine this time. The program is sponsored by the Lake County Medical Society. Donald Poulter is Antioch Chairman of Sabin Oral Sunday. The Lake Region Jaycees and Jayettes are organizing the clinic, with the cooperation of local women's and civic clubs.

In spite of the large number of people who took the vaccine on October 13, there was no waiting at any time. The clinic was busy throughout the day, and remained open after 5 p.m. to take care of all who come. They will remain open past 5 p.m. this time, if necessary. A donation of 50¢ is asked for each dose, but no one will be turned away because he can't pay.

"There Oughta Be A Law—"

It is certain that the assassination of President Kennedy will give rise to talk of new laws to try to avoid a duplication of the same thing with another President in the future.

It's equally certain that none of them will accomplish that end. There simply is no way to absolutely insure the safety of any person, providing that someone is willing to sacrifice his own life to commit murder.

If we should learn anything from the death of President Kennedy, it's that more and more laws are no substitute for morality. If men are determined to commit murder, they will. Make it more difficult to get guns, and they will either get them illegally or find a substitute.

Superintendent Wilson of Chicago has already suggested that the president's assassination illustrates the need for a law requiring that every gun purchased be registered with the police.

Criminals, of course, would find a way to get around such a law, if it were enacted. Who would register their guns? The upstanding, law-abiding people who would never use them for an illegal purpose.

A whole new field of bookkeeping and records would be opened, with additional expense for the government and everyone connected with the manufacture and sale of guns.

Decent citizens who purchased guns would lose more of their possessions through theft. This would be an easy way for the criminal to get a gun not registered in his name. In addition, the innocent citizen might be involved, in this way, in crimes with which he had no connection.

And finally, we already have far too many laws on the books. It is not more laws that we need, but stricter enforcement of those we have. And, basically and inescapably, you cannot legislate morality and love for your fellowman.

Courthouse Notebook

BY LOU DURKIN

Congratulations are in order for Circuit Judge Thomas J. Moran and Circuit Judge William M. Carroll for their appointments to the Appellate Court bench effective Jan. 1 under the provisions of the new judicial article.

The appointments are good until the November, 1964 election when all the judges except those elected in 1962 or subsequently will stand election either against another opponent, as in the case of Circuit Judge Philip Yager, of Lake Bluff, or against their records in office.

Judge Moran, who is now serving as Chief Justice of the 19th Judicial Circuit, will undoubtedly be a candidate for nomination to the Appellate bench in the July, 1964 Appellate convention, but there is some question about Judge Carroll's intentions.

There have been recurrent rumors that the veteran McHenry county jurist will not seek re-election and that his Appellate appointment is in the way of a climax to a long and illustrious political career that included service in the state legislature and as state's attorney in addition to his long service on the bench. If Judge Carroll does not seek re-election to the Circuit bench and Judge Moran is successful in his quest for the Appellate nomination three of the four Circuit posts in the 19th District will be up for grabs when the Republican delegates from Lake and McHenry counties gather in August to select the judicial candidates.

Judge Glenn K. Seidenfeld's re-slating and re-election is a foregone conclusion since he will be unopposed. Judge Yager, as an appointee, will have to be nominated in convention and elected in November, a difficult ask for a Democrat in the heavily Republican district.

There is the possibility, of course, that Judge Yager will

Your Governor Reports

by OTTO KERNER

The recent Illinois Trade Mission to Europe, which was successful in laying the groundwork for extensive trade over the next few years, returned to the United States with an unexpected bonus—signed contracts totaling more than \$600,000.

Even more encouraging, the businessmen on the mission unanimously predicted that these contracts are just the beginning. The most conservative estimates are that the mission will lead to at least another \$5.5 million in business during the next year. The trip offered a dramatic example of the possibilities that lie ahead for businessmen interested in exports.

The mission was the result of months of work by the Illinois Committee for Trade Expansion, which I named early in my administration. The committee cooperated with many private and governmental agencies in making the trip a success.

Government officials, for instance, arranged 380 trade appointments for mission members at Frankfurt, Berlin, Paris and London before the mission even left Illinois. Our businessmen didn't stop there but aggressively sought further business, making more than 500 appointments on their own after we arrived and taking frequent side trips to places like Italy and Holland.

Members of our group, in fact, were still negotiating with British businessmen in the lobby of our London hotel as we prepared to depart for the airport. As a result of such hard-hitting salesmanship they wound up not only with contracts but with a pocketful of licensing agreements and arrangements for overseas distributors and dealers.

Another aid to our mission, of course, was the very real hunger for American-made goods overseas. One of the manufacturers arrived in Paris to find that the representative of a company with which he was not even familiar was waiting to see him and sign a sizeable contract. Another example is the group of Scandinavian businessmen who read about our trip in the newspapers and came to Germany just to see us.

Many of the manufacturers said they plan to step up their activity in the export field as the result of the mission, while others pointed out that the new contracts will mean increased production and more jobs in their plants.

Illinois is already the number one export state in the nation. The European mission served not only to keep us in that position but to boost our lead, both directly and indirectly, in that field.

One of the major objectives of the recent Illinois Trade Mission to Europe was the promotion of tourism in Illinois.

Richard J. Newman, chief of the new Illinois Division of Tourism, and Dr. William Tudor, president of Southern Illinois Inc., an area promotion group, and I met with travel agents, travel editors and airline personnel in Frankfurt, Paris, Rome and London.

We discussed the historic and scenic sights in Illinois at each of these meetings, in addition to our industrial and economic picture. We also distributed special kits, assembled for the trip, which included such items as airline, railroad and bus schedules and rates, hotel and motel directories, typical restaurant menus and tourist literature of all kinds.

Most Europeans already knew that Illinois had two of the top ten tourist attractions in the United States—the city of Chicago and the Abraham Lincoln shrines.

The response to our mission was very encouraging. The greatest interest was shown by tour operators, who often arrange for large groups of professional and business people to come to this country to study methods and techniques. We pointed out that Illinois is practically a pocket-sized edition of the United States and that the production of the metropolitan Chicago area alone is almost as

Dear Sir:
Your article on the meeting of the Antioch High School Board gave quite a play to the report of Mr. Kerner on the curriculum.

It was, however, distressingly short of fact. It was interesting to know that a survey of graduates is being made but what of the results? Neither is it clear whether the survey includes all graduates of the school or is limited to graduates of the 1963 class.

If this survey is limited to all graduates of the 1963 class it cannot be of much value. Their work experience is so limited that they don't have much basis for judgment. If this survey were repeated with the same graduates for five years it should be much more valuable to the Board.

When the report speaks of curriculum no mention is made as to the scope of the survey. Is it limited to schoolroom academic subjects or does it include the entire learning experience of the student? For example, most schools today have student government with elected representatives. Do the students consider this a farce or do they gain beneficial lessons about the democratic process? It was Stevenson that made the observation, still applicable, that lesson number twenty-seven could be the integral calculus and lesson twenty-eight could be listening to the band.

Your article raised more questions than it answered. Reporting on these aspects of the Board's work should be expanded. It is too often forgotten that this is the most important work of that body, that it is not limited to overseeing the expenditure of public funds for the upkeep and maintenance of the building and grounds.

Sven G. Osterlund
Editor's note:

To try to answer Mr. Osterlund's questions: The survey includes all graduates of the school for a five year period, beginning with the class of '62. However, it is our understanding that the members of each class will only be contacted once, the year after graduation.

So far as we know, the survey is limited to academic subjects. Presumably, if a student found his activities in some extracurricular activity valuable, he might mention the fact.

No results of the survey will be released until they are evaluated at the end of a five-year period. It is felt that this length of time will be required to show anything of significance.

We agree with you that the

results of the survey should be interesting and valuable. Also that it might be more valuable if students were re-contacted after three or four years of work experience.

To the Editor:
Who is a "hatemonger"? Is he a man who disagrees with you and dares to say so? Is he the man who asserts his rights as an individual and speaks out against their usurpation?

Is he a man who attempts, by all legal means, to obtain redress in the courts? Is he the man strong enough in his convictions that he remains true to them despite abuse and ridicule?

Is he a man who believes government should be the servant, not the master of the people?

Is he the man who believes "laws derive their just powers from the consent of the governed"?

If this man, by 20th century definition is a "hatemonger," we've regressed farther than 1776 in our political thinking.

So, give me a Medal! Pin it on my chest!

I'm the Nation's Hero, 'cause I passed the test. Makes no difference to me, that he was not tried.

I believed him guilty, and he could not hide. They had him handcuffed, and they held him firm.

Without close front protection—so I shot the worm! I'm no different from the rest of you.

That believed him guilty, announcements said it too! The wheels of justice ground too slow for me.

I just helped them send Lee to eternity. And for you that say, that it was wrong to do.

The majority rules here—any poll will do. Did you think him guilty, just by what was said.

On TV and radio? Did you wish him dead? I believed him guilty, the murdering red!

DO NOT BE FOOLED BY THIS MOCKING VIEW— It's just a grim example of what hate can do.

So keep an open mind, and do not trouble brew. Or our President's death was then in vain for you.

Help preserve law and order, and the rights of ALL! This is your sacred duty! Will you heed the call?

—by one who mourns the loss of our great leader, and at the same time am deeply ashamed of many of my fellow-Americans today!

November 28, 1963

Dear Mrs. Gaston:
My parents, Mr. and Mrs. Charley Hostetter, former Antioch residents, moved to California in 1949. They have received the Antioch News each week, since they left Antioch and moved to California.

Mom and Dad share their Antioch paper with all of us, my sister, Leona, (Hostetter) Doerr and my brother, Charles Hostetter and myself, Helen (Hostetter) Kroll. We always look forward to each issue and tho' we are far away from Antioch, the town we kids grew up in, part of us is at Antioch.

We have shared the happy times and the happy events via mail, with you likewise, we have sorrowed and shared your burdens.

My parents will be celebrating their 50th wedding anniversary next Dec. 8th. Mom casually mentioned to me that it would have been nice to have had a "little piece" in the Antioch News.

She doesn't have any idea I'm writing and if you care to make mention of this in the paper she will be amazed. I'll put down some information our friends might like to know—if you do print a "little piece."

In June, 1959, I had purchased tickets on the Santa Fe. I was going to bring my Dad back to Antioch for a visit. Two days before we

were to leave, Dad had a stroke. I had to cancel our plans, of course. Dad has been a semi-invalid since. He has just come back home, after being in the hospital two weeks. Mom and Dad are staying at my brother's home in Alhambra, Calif.

If any of our friends would like to send them a card, please mail any correspondence to Mr. and Mrs. Charley Hostetter, Sr., 609 E. Norwood Pl., Alhambra, Calif., c/o Charles Hostetter.

My parents have their own home in Azusa, Calif., where they have lived since 1949. They built their home after they moved to Azusa.

My sister, Leona Doerr, lives in Santa Barbara, Calif., and I live in Altadena, a stone's throw from Pasadena, and of course my brother Charles and his family live in Alhambra.

Dad's son, Oren Hostetter, lives in Antioch and Dad has another son living in Maywood, Ill., and a daughter at Arlington Heights, Ill.

My parents have nine grandchildren and nine great-grandchildren. Four of the great-grandchildren live in Antioch.

During these past few years many Antioch friends have visited my parents. Not long ago Mrs. Pacini phoned my parents just for a "chat."

These visits have always been a source of encouragement for Mom and Dad.

We want to take this opportunity to extend our love and God's richest blessings to our many dear friends in Antioch.

Thanks so much.

Charles and Leona graduated from Antioch High School. Leona was the first one to move to California, then Charles moved out here, next my parents, and I was the last one to move out here.

Story With A Moral

Undoubtedly, the greatest problem a reputable dealer faces in his community is gaining his buyer's confidence. Sometimes the customer becomes convinced the hard way. I was reminded of this recently by an incident concerning another dealer in a similar town to ours.

He was unable to sign a young used car buyer who was very enthused about a particular car. The car was a popular 1958 model in unbelievably good condition. The price was slightly above market average, but the car's condition made it a real buy.

The young man was the son of one of the dealer's customers, started his first job, and was buying his first car. He confided to his dad he wanted to shop a large city 45 miles away, because "I think I'll save myself some money."

Well, he shopped and bought an "identical" car for \$130.00 less money. "Even the mileage is less," he boasted, (it had been turned back to a fraction of the true figure). He drove it for 27 days before a breakdown revealed a hole in a cylinder wall (temporarily plugged). Labor, plus a new engine block, plus what he still owed on finance totaled about DOUBLE the actual value of the car.

When the used car dealer refused to pay, he decided to abandon the car on which he'd paid \$375. of an \$800 total. An expensive lesson may become more expensive still if the dealer's finance company sues him for the balance of his contract.

Rescue Squad Aids Accident Victims

The Antioch Rescue Squad was called to aid Leo Laukis, 44, of Genoa City, Wis., when he was injured after he lost control of his car, a Volkswagen, on a curve on Route 173 just south of Chase's service station at about 9:15 p.m. on Nov. 27.

The car hit the guard rail after Laukis lost control of it. He sustained facial cuts and lacerations on an arm and leg. He was taken to the Antioch Clinic by the squad and treated by Dr. Bobzien.

On Nov. 28, at 12:30 a.m., the squad took Albert Suckow, 60, of Rt. 1, Box 568, Antioch to Victory Memorial Hospital suffering from a head injury.

Gilbert Rohde, 20, of Chicago, was taken to Zion Hospital with lacerations of the head on Dec. 1 when he was involved in a car accident on Route 173 about 2 miles west of Antioch.

John Bushenko, 70, was taken to Zion Hospital by the squad after he received a cut over the eye in a fall.

Amande Nielsen, Rt. 1, Box 243, Antioch, was taken to Victory Memorial Hospital on Dec. 3, suffering from a heart ailment.

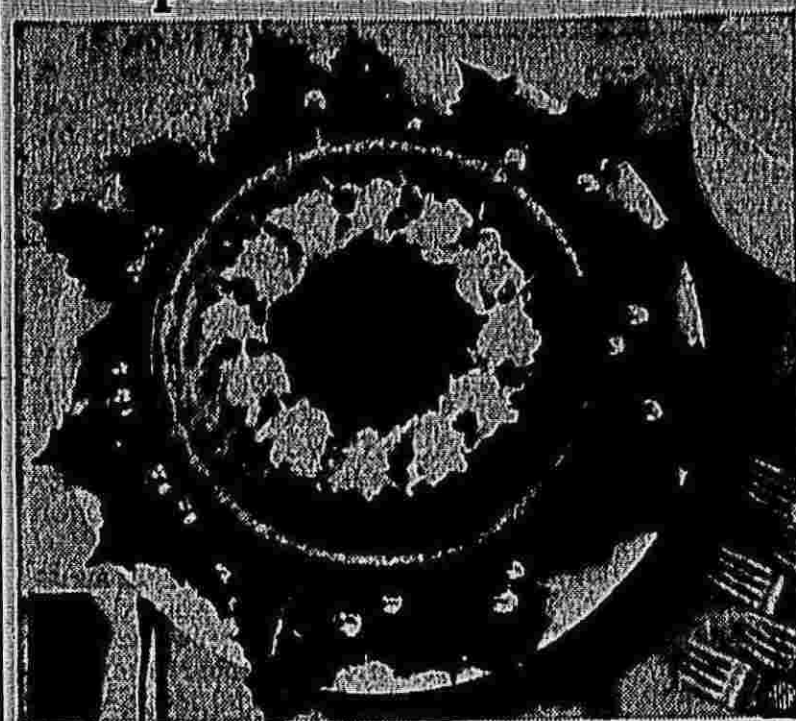

GOP's Cancel Dinner

In respect to the memory of President Kennedy, the Lake County Republican Federation has called off its scheduled December 7 dinner, according to William H. Rentschler, dinner chairman. The dinner will be rescheduled after the first of the year, Rentschler said.

"We believe a partisan political meeting is out of place during this period of national grief," Rentschler said. "While some of us may have disagreed with President Kennedy's policies and approach on occasion, we respected him as the President of all the people and we honored him as a good and sincere man."

Your problems, my good friend, are simple compared to mine, so please listen while I tell you my troubles.

Spectacular Christmas Pie

Whatever the dessert at holiday dinner, it must be of a spectacular nature—and one of the handsomest is Christmas Chocolate Pie. The chocolate chiffon goes into a crust of mellow corn flake crumbs. The pie derives its chocolate flavor from semi-sweet chocolate morsels, the same candy-like pieces the children love for out-of-hand nibbling. And thanks to the presence of reliable unflavored gelatin, the filling requires little cooking—only the few minutes necessary to dissolve the unflavored gelatin and melt the chocolate morsels. For the rest, Christmas Chocolate Pie simply chills until ready for serving.

Christmas Chocolate Pie

Crust:
4 cups corn flakes, crushed, 2 tablespoons sugar
or 1 cup corn flake crumbs 1/2 cup butter or margarine
Put corn flake crumbs, sugar, and butter in a 9-inch pie pan. Place in moderate oven (350° F.) 5 minutes or until butter melts; remove. Mix well and press mixture evenly and firmly around sides and on bottom of pie pan. Chill.

Filling:
1 envelope unflavored gelatin 1 8-ounce package (1 cup) semi-sweet chocolate morsels
1/2 cup sugar 1 teaspoon vanilla
1/4 teaspoon salt 1 cup heavy cream, whipped
1 1/2 cups milk 1 cup heavy cream, whipped

Mix together unflavored gelatin, sugar and salt in saucepan. Stir in milk and semi-sweet chocolate morsels. Place over medium heat, stirring constantly, until morsels are melted, about 5 minutes. Remove from heat; beat with a rotary beater until chocolate is blended. Stir in vanilla. Chill, stirring occasionally, until mixture mounds when dropped from a spoon, about 15 minutes. Fold in whipped cream. Turn into prepared pie shell. Chill until firm. If desired, make wreath on top of pie with circle of additional whipped cream; garnish with pieces of candied cherries and citron. YIELD: 1 9-inch pie.

Parents To Sponsor School Band Concert

The Tenth Annual Christmas Concert, sponsored by the Antioch Grade School Band Parents, will be presented on Sunday, December 8, at the Antioch Grade School gym at 3 p.m.

The Senior and Junior Bands will be featured in a program of Christmas music,

marches, novelties and other types of music.

The bands are directed by George Olisar and Edwin Hill, E.M.H. teacher at the school, will act as narrator.

Here's why you'll tell other people you like it.

Some people think it's a bit frivolous to like a car just because it looks so nice. So what you'll have to do is bone up a little on all the other things that make a Pontiac a Pontiac.

Wide-Track, for instance. Wide-Track is what does away with tilting your way around turns. Pontiac's smoother, quieter ride is another thing you might point out.

Be careful, though. One ride in this car and everybody's going to think you're made of money. You can solve that problem by telling what you paid. Or you might just say, "You'd sure

think this car cost a lot, wouldn't you?" Or you could take everybody's mind off it entirely by giving your Pontiac some throttle. A big 389-cubic-Inch Trophy V-8 is standard in each and every Pontiac. And you get to choose from 34 engine/transmission teams. (Happy choosing!)

Now then—on to more of the things that make the '64 Pontiac so thoroughly likeable. Frankly, we couldn't think of anything radical to do with this car. Oh, we made the styling even more stylish, as you can plainly see. We lavished even more care

on the interiors. We even improved the light bulbs. But as for more vital things, why change? Improve, refine, sharpen—yes. Change—no. And you can tell that to your friends. Really, though, you can buy a Pontiac solely because you like its looks. We don't think you'll find many people who'll ask you for more practical reasons.

What they'll be asking for is a ride—and the name of the man you bought your '64 Pontiac from.

On Honeymoon Trip To Bermuda

PAGET, BERMUDA—Mr. and Mrs. Joseph Welsh, who will be new residents of Niles, Illinois, were honeymooners at the Elbow Beach Surf Club this week. Mr. Welsh and his bride chose the trip to Bermuda together with a houseful of furniture and, in a manner of speaking, got the lot for nothing. Not really for nothing, Mr. Welsh earned the furniture

and the honeymoon trip during the course of a recent sales drive of his company, International Minerals & Chemicals. As he explained it, Mr. Welsh sold enough of the firm's products in three months to come out on top with some 700,000 points which are valued at half a cent per point.

Mr. and Mrs. Welsh thoroughly enjoyed Bermuda and the sun which didn't shine every day, but was a welcome change from the big winds beginning to blow winter into their home town.

Mrs. Welsh is the former Donna Gibbs of Antioch.

Xmas Party at Woman's Club

A festive mood prevailed at Monday's meeting of the Antioch Woman's Club, with Christmas atmosphere in evidence everywhere.

Christmas songs by the choral department of the Antioch High School were in two parts; modern holiday songs by the swing choir followed by a selection of Christmas carols by the senior choir, both under the direction of Miss Della Mae Tronchuk. The audience participated in the singing, with one selection from each group.

New members, including those mentioned last week and Mrs. Dick Daniels, were welcomed by Mrs. Elroy Anderson, the membership chairman, and presented with Christmas corsages by their sponsors.

The bakery and gift item table for the Countryside Hospital was a success. All donors were thanked by Mrs. Jerome Vogler, chairman.

It was announced that Mrs. Irving Elms would still welcome donations of Christmas cookies for the Downey Hospital party next Tuesday, when the men will be entertained by the club. Cookies may be left with Mrs. Raymond Bruhn at the library or with Mrs. James Maplethorpe at the Answering Service on Lake St. on Monday.

The Green Thumbers meeting is scheduled for next Monday afternoon at the home of Mrs. Edwin Olsen. Guests are welcome.

The Lake County Woman's Club will meet on December 10 at the Jewett Park field house in Deerfield. The Lake County Federation is collecting any cancelled postage stamps in conjunction with a national program. Milk is provided for European children for a certain number of cancelled commemorative stamps. Downey Hospital uses the others. Members are asked to bring all the stamps from their Christmas cards to the next meeting, a potluck luncheon on January 20.

Christmas cookies were served by the hostess committee for the afternoon. Mrs. W. J. Murphy, chairman, was assisted by Mrs. D. S. Boyer, Mrs. Henry Ruck, Mrs. Einar Petersen, Mrs. Lester Nelson, Mrs. R. G. Carson, Mrs. Harry Lubeno and Mrs. Robert Gaston.

Mr. and Mrs. Joseph Welsh.

MOOSE TOPICS

Three new members were initiated into the Antioch Moose Lodge last Wednesday evening. They were Ralph E. Hamilton, Joseph A. Vukovich and Paul W. Malory. The Antioch Ritual team performed the ceremony, a roast beef dinner was served after the initiation and meeting. Ed Petersen is kitchen chairman.

There will be a Men's Style show and dance on Saturday, Dec. 7 at 9 p.m. to be held at the Antioch Moose Home. Music will be by the Twilights; also, refreshments will be served. The Style Show is sponsored by the men and women of the Moose for members and guests.

The Winner Legion No. 74 Legion of the Moose Cerebral will be Sunday, Dec. 8, 1963, at the Kenosha Moose Home, 5900 11th Ave. The enrollment of candidates will be at 2 p.m. A dinner will be served family style at 5:30 p.m. There will be entertainment for the ladies.

BABY SHOWERS

On November 19 the Moosehaven Committee under the chairmanship of Rosemary Pedersen had a baby shower for Mrs. Jack Palmer of 894 Hillside Ave. This affair was held in the home of Mrs. Carl Karrasch of Venetian Drive. There were 12 ladies present. Games were played and refreshments were served.

There was a baby shower on November 20 in the home of Mrs. Marshall Plechaty of Venetian Way, in honor of Mrs. Carl Schiesser. There were 11 ladies present. The ladies visited, then were served refreshments.

FELTER'S SUBDIVISION

On December 3 there was a demonstration in the home of Mrs. Shirley Fiedt. She is the daughter of Mrs. Rose Novak. Those making the trip to Glenview were: Mrs. A. R. Moore, Mrs. Ida Lokke, Mrs. Novak, Mrs. Clarence Gibbons and her mother, Mrs. Fred Larson, and Mrs. Rose Butler.

There have been 10 homes sold in Felter's, this making 10 new residents in this subdivision.

ATTENTION READERS

Please telephone me and let me know of the Christmas cards you receive from celebrities, etc. This would make it interesting to the Antioch News readers. I will then print the names.

On November 30, Mrs. Dan Radakovic of North Ave. went to a concert in Chicago. Her son-in-law plays a bass viol. He is a well known musician in the Chicago area.

Recovering

Mrs. Corrine Carls of Highland Ave., is recuperating in her home after major surgery. She also celebrated her birthday quietly on Dec. 4.

Celebrate Birthday

Mr. and Mrs. Herbert Horton of Dwight Ct. were guests of Mr. and Mrs. H. Horton of Main St. They celebrated Kelly Ann's second birthday. Surprised!

Mrs. Jerri Polson of Loon Lake was surprised with a birthday party in the home of Mr. and Mrs. Seth Mark of Helen Drive, Lake Villa. In attendance were Mrs. Pol-

Hold Shower For Mrs. Ronald White

Mrs. Donald Gibbs, Miss Harriet Wells, and Miss Pat Brown were co-hostesses at a bridal shower last week given in honor of Mrs. Ronald White, the former Marguerita Gillum. The party was held at the Donald Gibbs home in Antioch, with many of Mrs. White's friends in the Rainbow Girls, High School classmates and relatives attending.

Mrs. White, a graduate of Antioch High School and more recently a college student, has announced that she has been secretly married since last July.

Xmas Social At Grass Lake PTA

The Annual Christmas Social of the Grass Lake School PTA will be held Sunday, December 8, from 1 p.m. until 5 p.m.

Fun will be provided for the whole family. There will be a "home-made" booth, with many Christmas gift ideas. A white elephant booth and rummage sale, together with bakery goods and candy will also provide bargains and good eating. Games and refreshments, too.

Bible Lesson For Thanksgiving Sermon

The Thanksgiving Bible Lesson at First Church of Christ, Scientist, Antioch, emphasized praise to God for the ways in which He has revealed Himself to humanity.

Related readings from the Christian Science textbook stressed the need to show our thanks through our daily lives: "To keep the commandments of our Master and follow his example, is our proper debt to Him and the only worthy evidence of our gratitude has for all that He has done." (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 4.)

PACK 300

Antioch Pack 300 opened their November Pack meeting with the presentation of the colors by Den 4.

Den 1 presented a skit on band instrumentation. The boys all made their own instruments and pantomimed to the tune of "Way Down Yonder in New Orleans."

Following the entertainment a Bobcat induction ceremony was held with a skit on "What Cub Scouts Are Made of." The new Cub Scouts are as follows: Michael Barber, Leroy Knobel, Tim Whitney, William Chase, Daniel Dowell, Arthur Verkest, Dan Roth, Louis Kent, and George Marotta.

The guest speaker presiding for the awards of the Adventure Round Up Badges was Ray Schaper of Northwest District Council. A Round-up badge is presented to a Scout who has recruited a new Bobcat.

The following boys received this award: Scott Fire, Guy Hardy, Mike Lytle, Gary Racine, Robert Mason, Pat Zeien, Kirk Schmitt, Jim Bogaerts, Ken Knackstedt, Dane Roth, Keith Prible and Brian Pedersen.

Other awards are as follows: A Wolf badge was earned by Robert Mahoney, and Pat Zeien received his Lion badge.

A Denner Stripe went to Keith Prible and Mike Lytle. Charles Guest was graduated into the Webelos, and two of our Webelos have been accepted into Boy Scouts. They are James Bogaerts, who has entered Troop 91, and Don Edwards who has chosen Troop 92, of Antioch.

Scoutmaster Leo Bogaerts and assistant scoutmaster Hank Lytle accepted awards at the November Round Table for having surpassed

News of Antioch

An Easterner was telling about an experience he'd had on a vacation trip out west. "It was terrible," he recounted. "Indians on the right of me, Indians to the left of me, Indians in front, Indians in

the rear, Indians everywhere, closing in on me." "Wow!" exclaimed the listener. "What did you do?" "What could I do?" was the reply. "I bought a blanket and two baskets."

Little Susan's mother had caught a cold and had taken to that old-fashioned remedy

a glass of hot whiskey and water. A little later Susan was going to bed. When her mother came to kiss her good night, the child looked at her strangely. "You've been using Daddy's perfume," she said solemnly.

The barmaid was a flirt and when her lieutenant boy-

friend walked over to the juke box, she leaned over the bar, pursed her lips to the private seated near her, and said: "Now's your chance, dearie."

The private looked about the room and said: "It sure is." And he promptly drank the lieutenant's beer!

PTA Sponsors "Mr. Roberts"

The Antioch Grade School PTA is sponsoring a theater party on Sunday, December 29, in conjunction with the Palette, Masque & Lyre production of "Mr. Roberts." The theater party will include a buffet supper at the Moose Hall in Antioch from 5 p.m. to 7:30 p.m. with curtain time at 7:30. Dessert and coffee will be served at the Moose Hall after the play.

"Mr. Roberts" is an adult comedy and the second production of the PM&L at their new theater on Main St. The play has a large cast under the direction of Mr. Larry

Welch. Theatergoers will also have a chance to view the art display of the Antioch Art Guild in the lobby and basement of the theater.

This will be the only fund-raising effort of the year for the Antioch Grade School PTA, which sponsors the school immunization program. The ticket admission of \$4.00 includes the buffet supper, play admission, and after-theater coffee and dessert.

For information concerning the tickets call Mrs. Rosalie Lyons at 395-1903, Mrs. Helen Kopriva at 395-1111, or call Vivian Maplethorpe at 395-3611.

ALL ABOUT BABIES

A Public Service of the National Baby Care Council

DIAPER RASH AND DIAPER SERVICES

By Richard H. Williams, Chairman, Diaper Service Information Bureau

Diaper rash is the painful irritation or inflammation of a baby's sensitive skin. The two common causes are bacterial breakdown of the urine in a wet diaper into irritating ammonia, and soap or detergent residue that is retained in an improperly rinsed diaper.

The nation's professional diaper service industry, aware of its responsibility to the health and welfare of the baby, has, with the help of research scientists, developed processing formulas for the prevention of these and other types of rash.

After years of laboratory research, the industry has found a scientific way of impregnating the finished diaper with special diaper antiseptics that dry into the fibers of the diaper cloth. Here the antiseptics remain dormant as long as the diaper is dry. Once baby wets or soils the diaper, the antiseptics become active to help prevent bacteria from forming ammonia and to destroy germs.

A typical process in the industry includes four separate pre-rinses, four separate soft-water hot suds baths, six after-rinses, plus controlled bleaching, special treatment for neutralizing water alkalinity, and a special cotton softening agent that makes the diaper cloth extra soft.

The entire process takes more than an hour and requires 1400 gallons of soft, pure water. To produce sterilized diapers, water temperatures exceed the required 180 degrees. Quality standards are maintained by continual and compulsory laboratory tests to check sample diapers.

While it is possible to do diapers properly at home, it is difficult and time consuming to duplicate the scientific process of a modern diaper service. Home laundry equipment does not easily lend itself to the continuous one-hour multi-washing, multi-rinsing and special drying process of the modern diaper service required for rash-preventing diapers.

Many families today recognize diaper service as much more than a convenience in our modern way of life. Experience has taught them that the clean, sterilized, antiseptic-treated diapers they receive from their modern diaper service provide medically approved protection against diaper rash.

Pennsburg, Pa. Town and Country: "We were shocked the other day when a man remarked that he didn't 'bother' to advertise his services in this newspaper because everybody in the area knew what his business is and where to find him if they want him! The person who uttered this heresy obviously never heard the old refrain: 'The man who whispers down a well about the goods he has to sell, doesn't rake in lots of dollars like the one who stands and hollers!'"

Our beloved friends retain exact memories of those incidental episodes in our life which we wish they would forget.

Spring had come, and with it the new gardener, whose name was William. The woman of the house loved flowers, and finding the gardener at work, went up and asked, "And how is my sweet William this morning?" Blushing, the gardener got up from his dirt and trowel and said, "Ma'am, if you want to be friendly, just call me Bill."

Sequoits Win Tournament

The Antioch Sequoits held Elgin Larkin to 4 points Saturday night as they came from behind to win the championship in the Mooseheart tournament. The Elgin team managed only 4 baskets for the second half while the Sequoits poured in 32 counters to win going away 83 to 41.

The Sequoit quint defeated Mooseheart 73 to 61 to gain the finals. Elgin beat Batavia in the tournament opener Friday night to gain the finals in their bracket.

Led by Bernie Smith the Sequoits hit 48% from the field as Smith tallied 15 points to take scoring honors. Rogers followed with 11 counters but grabbed off 15 rebounds and played an outstanding game.

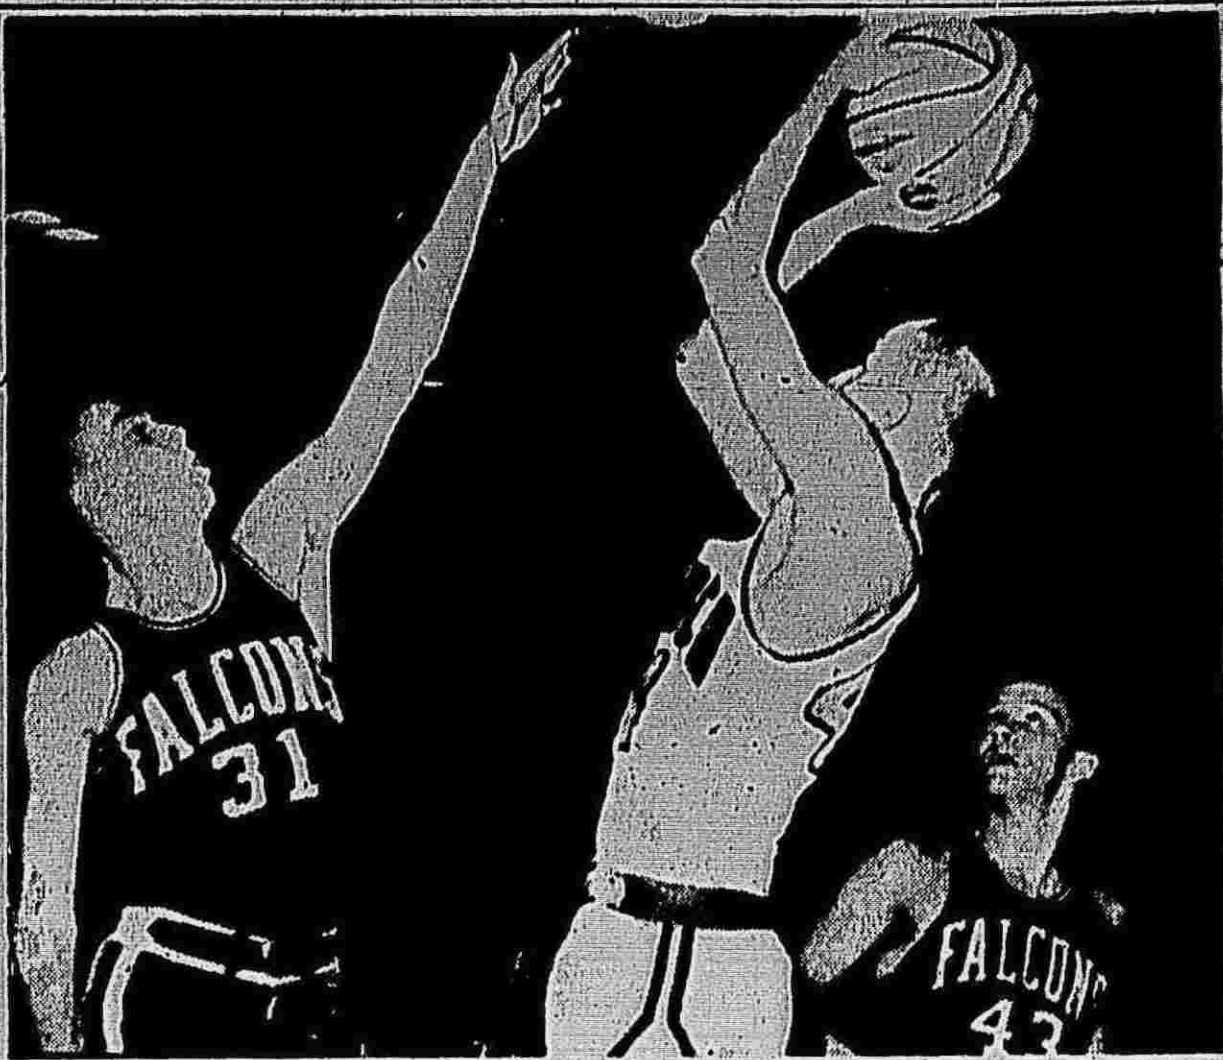

Antioch trailed by three points at the first quarter mark and five points at the half. The score board read 20 to 21 as the third quarter started.

"We started to hustle in the third quarter," coach Roger Andrews said, "Bob Schmitz picked off a couple of loose balls and Bernie grabbed some offense rebounds and put them back up for quick baskets."

Leading by two points going into the final quarter, the Sequoits collected 14 points while holding their opponents to 4 counters.

Friday night the Sequoits had a fairly easy time defeating Mooseheart. Jumping off to an early 18 to 13 first quarter lead, the Sequoits faltered a little in the second period, but gained their composure again in the second half. Antioch tallied 39 points in the second half while limiting their opponents to 29 counters.

Bernie Smith let the Sequoits in the scoring department with 22 points on 10 baskets, and 2 free throws. Bob McCreary led for the losers with 33 points. The Sequoits dominated

Sequoits Lose To Falcons

The Antioch Sequoits dropped a heart breaker Thanksgiving eve to the Falcons from Salem Central High School, 65 to 63, in the Sequoits' opening tilt.

The Sequoits showed a big improvement over their performance against McHenry in their opener but were still plagued by poor shooting turnovers.

It was a close contest all the way, with neither team building much of a lead. The first quarter ended with the Sequoits leading 13 to 12. Both squads dumped in 18 points in the second quarter to give the Sequoits a one point edge at half time 31 to 30.

Antioch pulled out in front in the third quarter as they outpointed the Falcons 21 to 18 for the period. The lead changed hands a number of times in the final stanza with the Falcons finally gaining the edge to take the win 5 to 63.

Neither team was very effective from the field as the Sequoits hit for 32% of their shots to 34% for the Falcons. Antioch canned 23 of 38 free throws for 60% from the charity line. The Falcons

hit on 21 of 42 attempts. Ed Matejka led the Sequoits in the scoring column with 4 baskets and 6 free throws for 14 points. He was followed by Jeff Gates and Bernie Smith with 12 points each.

Hofer and Flaschner led for the victors with 18 and 17 points respectively. The Sequoits out-rebounded the Falcons 40 to 30 with Ed Matejka leading Antioch in this department with 12.

Falcon Matmen Rout Wilmot

By John Hansen
Salem Central's wrestling team met Wilmot Saturday and for the third straight time Salem handed the Panthers a solid thrashing. The Falcons scored 7 pins and won 2 matches by points.

The 44-0 win was Salem's second in a row. Last week the Falcons beat Burlington 32-25.

Jim Durkin of Salem scored the quickest pin of the meet with a 22 second win. Bill Nelson, Doug Davis, and George Schlagel (SC) scored pins in less than 90 seconds for the Falcons. Others scoring pins for Salem were: Jim Chapman, Bill Benkstein, and Denny Remus. Wayne Seitz, Ron Gillmore, and John Hansen won on points for Salem. The Falcons' next match will be with Union Grove, Friday, Dec. 6, at Salem.

Pheasant Season Ends Dec. 19

The pheasant and partidge seasons will end at sunset Dec. 19, and the quail season, which also opened Saturday, will close at sunset Dec. 21. Hunting hours are from sunrise until sunset every day of the season except the first day.

The daily bag limit for pheasants is three cock birds and the possession limit is six cock birds after the first day of the season. Hunters may take two Hungarian partridge a day. The possession limit is four partridge after the first day of the season. Eight quail may be bagged daily. The possession limit is 16 quail after the first day of the season. The daily bag limit and possession limit are the same on the first day of the season. Hunters are permitted to take only two cock pheasants a day on the seven public pheasant hunting areas operated by the Illinois Department of Conservation. All upland game seasons were closed on Nov. 29-30 and Dec. 1, the second part of the deer season in those counties open for deer hunting. But hunters were permitted to hunt pheasants on the state-operated public hunting areas.

Lake Villa Jr. Baseball Fund Drive

By Mrs. Bernice Bernau
The Lake Villa Township Junior Baseball Organization held their monthly meeting on Nov. 14. As a result of this meeting, Mr. Harry Toben, president of the organization would like to announce the plans of the organization for the 1964 season.

First, they are planning to afford the opportunity for all the boys in the Lake Villa Township area, to participate in their summer baseball program.

"As the population increases it becomes necessary for us to increase our facilities," says Mr. Toben. "Therefore, in an effort to afford as many boys as possible an opportunity to participate, it has been deemed necessary to equip and establish four new teams. Two for the Little League and two for the Pony League, for the coming season. We are also in the process of acquiring a second baseball field."

"We have in the past limited our fund raising activities to two annual events, mainly the Pancake Breakfast and sale of Little League booster auto stickers or a candy sale. This, coupled with the generosity of the area merchants, had been sufficient to maintain our present teams. However, due to the fact that we are now preparing to increase our present six team little league to eight teams and our present four team Pony League to six teams, we humbly seek your additional help in another Fund Raising endeavor. This event will be held during the week of Dec. 7 to Dec. 14, and will consist of boys from the Little League and Pony League, properly supervised by adults to make a door to door canvass of homes in the Lake Villa Township area to distribute Little League and Pony League booster stickers for autos. Any donation you can make for these stickers will be greatly appreciated."

"We also take this opportunity to extend the organization's welcome and encouragement of your attendance at the games in the forthcoming season. There is no admission charge."

The Venetian Village Civic Association meeting is scheduled for this Saturday, Dec. 7, at 8 p.m. at the Civic hall. The association is encouraging all residents to attend this meeting as they wish to talk over some important plans for the coming year.

Since the Prince of Peace dance was cancelled last week due to the death of the President, a meeting will be held by the members of the Holy Name Society to determine whether or not to reschedule the dance this year.

The Lakeside Ladies have sent invitations to all former members who have moved out of the neighborhood to join them in their evening "out" Tuesday, December 10. It will give the ladies a chance to renew old friendships as well as wish everyone a happy holiday season.

At the last meeting of the Venetian Village Women's Auxiliary, nominations for the coming year's officers were submitted to the members. Installation ceremonies will take place during the annual Christmas party this month.

2nd Polio Shots
Next Sunday, Dec. 8.

We wish to remind all the residents that this Sunday, December 8, the second oral polio vaccine will be given at the Lake Villa Central School. Remember, it is important to take this second vaccine for complete immunization.

After losing its first two games of the season, the Antioch basketball squad defeated Mooseheart Friday night and Elgin Saturday night to win the Mooseheart Tournament. The Sequoia won the title game against Elgin by the score of 53-41. Bernie Smith led Antioch scoring with 15 points, and Vic Rogers was second with 11 points and 14 rebounds.

The wrestling team also participated in the Mooseheart Tournament, but came in fourth.

This Saturday night Antioch students will appear on the NBC-TV program, "It's Academic." Representing Antioch on the show will be Stan Sutherland, Jerry Berke, and Norb Wolter. All three boys are seniors.

Wednesday night the December meeting of the P.T.A. was held. Christmas songs and dance music were provided by the Music Department.

Friday will be the second "day of reckoning" of this school year. Teachers will distribute report cards for the second six weeks grading period.

Sports action this weekend will pit the Antioch Sequoia against the Warren Blue Devils. Friday night's basketball game will be played at Warren, but Saturday afternoon's wrestling meet will be held here. The Warren engers have a 6-1 Conference record; they dropped their first game of the season to Grayslake last Saturday evening.

Aids For Christmas

URBANA — Plan your Christmas parties and programs now with the help of the University of Illinois handbook, "May Your Days Be Merry and Bright."

Prepared by the University of Illinois Cooperative Extension Service, this booklet features a collection of ideas for many occasions. Some of them are suitable for family celebrations; others are useful for neighborhood, club and community groups.

According to Karl Munson, University of Illinois extension recreation specialist, the 20 poems and articles highlight traditions and folklore. The bibliographies of stories and plays provide extra sources of information.

The book also contains sections on parties, carols, decorations and cooking.

The section on parties includes information about invitations, favors, games and specialty parties. The more than 15 recipes include candies, cookies, cakes and punches.

Munson points out one

decoration that youngsters can make: a stained glass window. To make the window, cut a piece of wrapping paper the exact size of the glass. If the window is broken up into small panes, cut the paper to fit each pane. Make up a simple design that will give a "stained glass" look. Outline the different areas in the design with black crayon to represent the lead that seals the glass together. Fill in the rest of the design with different colored crayons, using the brightest possible colors. After finishing the color work, rub the surface lightly with a clean rag, the center of which has been dipped into light machine oil. The oil will dissolve the crayons somewhat and blend the colors together. Paste the different parts of the glass in the window by using library paste around the edges underneath.

Interested persons may obtain this handbook, RRE-28, from their county home adviser or from the Agricultural Economics Department, 305 Mumford Hall, University of Illinois, Urbana, Ill. The handbook costs 50 cents.

LARRY RYAN of Lyons & Ryan Ford presents the transistor radio he won at the Christmas Fair to Jim Steffenberg.

Phony Xmas Perfumes Cheat Unwary Shopper

Is the perfume you smell always what you think it is? Or is it a no-bargain phony, trading on the reputation of a well known scent? The Chicago Better Business Bureau advises caution to insure your Christmas gift-buying dollars pay for authentic fragrances.

While perfume continues as a popular gift choice it is also a popular item for fly-by-night promoters to water down, mislabel and re-bottle.

The most flagrant offender is the out-and-out counterfeit. World famous labels and bottles are copied and used to package rank imitations

which are peddled by bellboys, fake auction parlors and sidewalk vendors.

Almost as deceptive are the fast buck boys who substitute initials of well known brands which infer genuineness. A large "C-3" on the label, explains the sales person, stands for "Chanel No. 5." "A" is for "Arpege," "MS" for "My Sin" and "WS" for "White Shoulders." The misrepresented perfume is merely an imitation with a simulated fragrance.

Another dodge is the use of numbered labels in lieu of famous labels. Sales person-

nel explain "1" means "Arpege" and "5" means "Chanel No. 5," etc. The "perfume" is probably cologne.

In some instances, cheap perfumes and toilet waters are pre-ticketed at \$5, \$10 and even \$20 for dram-sized containers. Phony advertisements in pulp magazines bolster this price claim by creating the impression these are their regularly prevailing prices. Copies of the ads are placed beside a display which offers the perfume at a spectacular sale price of \$2 or \$3 a bottle.

On a few known occasions, promoters, to further this farce, have induced a few retailers to stock small quantities of their perfume at the inflated price. Any skeptic of the low price can easily "verify" the fictitious price

THE ANTIOCH NEWS 10 Thursday, December 6, 1963

ly a healthy profit could be realized if the perfume sold at \$1 a bottle.

Re-bottled cologne and toilet water in small purse-size containers is another of the French flag, the word "One re-bottler" purchased an eight-ounce bottle of a well-known toilet water for \$10, or less than 10c per dram. Re-bottling it in one-dram containers, he sold them at \$1 each.

Fleur de Lis, the tricolors of the French flag, the word "Paris" and French brand names are frequently used to name perfumes because they imply the product was imported from France. But these perfumes never got east of Brooklyn

DEATH NOTICES

He was born Jan. 22, 1905 in Chicago where he resided until moving to Antioch in 1916. He married Margaret Taubel on Nov. 22, 1928. Mr. Lubkeman was a past master and a member of Sequoia Masonic Lodge No. 827 A.F. & A.M. at Antioch. He held membership in Antioch Lodge No. 525 Loyal Order of Moose and had been affiliated with the Antioch Boy Scouts for several years. He had worked as a maintenance man for Johns-Manville Co. for 17 years and had operated the Lake Region Bottle Gas, Inc., from 1954 until his retirement in September, 1962.

He was preceded in death by one brother, Arthur C. Lubkeman on April 21, 1960. His survivors are the wife, Margaret, two sons, Victor B. Lubkeman, Sr., and Arnold P. Lubkeman, both of Antioch, and three grandchildren.

Funeral services were held at 2 p.m. on Wednesday at the Strang Funeral Home in Antioch. Rev. Donald Cobb of the Antioch Methodist church officiated at the services. Interment was private. A Masonic service was held at 8:30 p.m. Tuesday evening.

THE ANTIOCH NEWS 11

Thursday, December 5, 1963

A mother of seven boys was struck by lightning but not seriously injured. It's surprising that she even noticed it—News, Bangor, Me.

Before you move in know the facts about insurance

Fact 1: Fire insurance alone on home and contents is not enough. Your home could be destroyed by windstorm, explosion or other hazard.
Fact 2: Theft coverage of your possessions, at home and away, should be included.
Fact 3: A lawsuit judgment against you could cost you everything you own. You need liability insurance.
Fact 4: You get all this and more in one Homeowners policy...with one low premium!

The Christmas gift a woman never forgets, a wonderful electric dishwasher

A wife likes pretty, personal gifts at Christmas. But she loves practical ones, too. And probably the most wanted practical gift of all is an electric dishwasher. Nothing else she can own saves her so many endless hours of drudgery. Come to think of it, how could a gift be more personal, or look prettier to her?

With just a flick of a switch a dishwasher washes, rinses, and dries...all automatically. Glasses, dishes, and flatware come out sparkling, without water spots or towel streaks. Everything is washed and rinsed in water hotter than hands...even gloved hands...can stand. Then it's dried in pure, clean, electrically heated air that's far more sanitary than any dish towel.

You can now get a portable dishwasher, if you like, that does every bit as good a job. Portables need no plumbing connections, and they can be permanently installed in a new kitchen later.

You'll be surprised how little it costs to give your wife the happiness that comes with a new electric dishwasher. See the built-in and portable models at your electric appliance dealer's now. And a Merry Christmas to you both.
